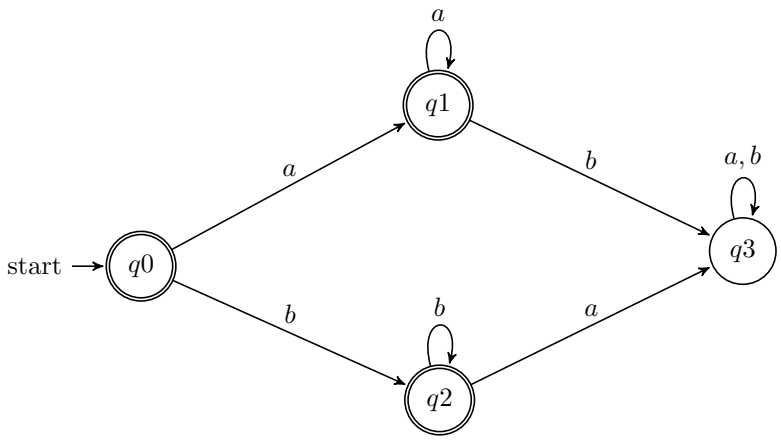
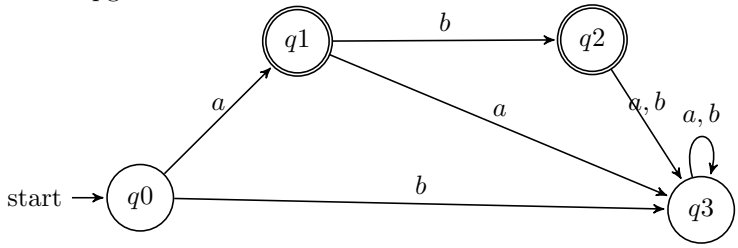
NOTE: This pdf is a bunch of tests of constructions used in 105 class. It is a direct conversion of automata from flapjs to latex using the Latex export system.

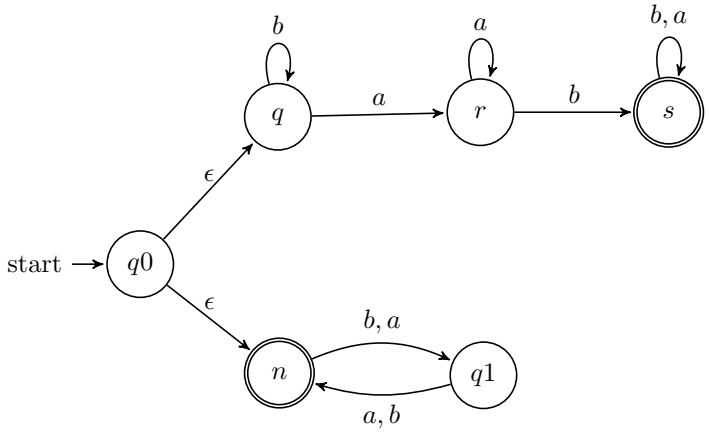
1. Week 1 pg. 12



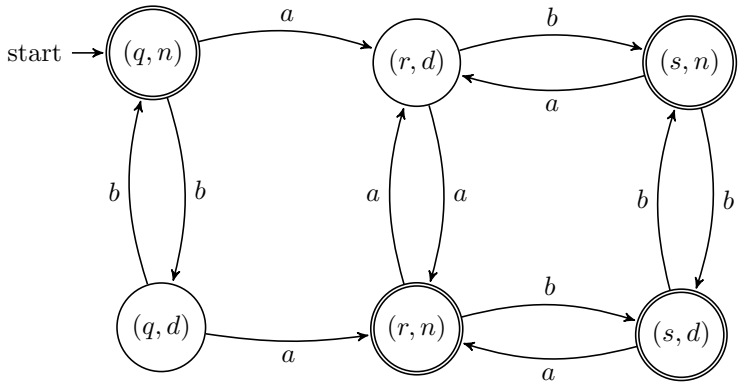
2. Week 1 pg. 13



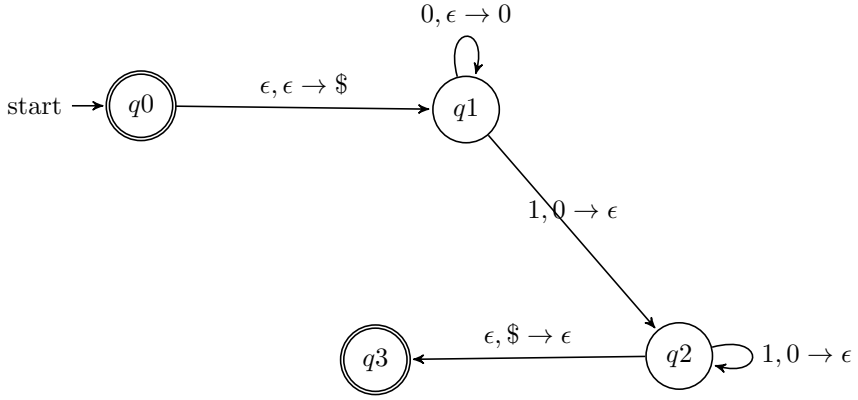
3. Week 2 pg. 5



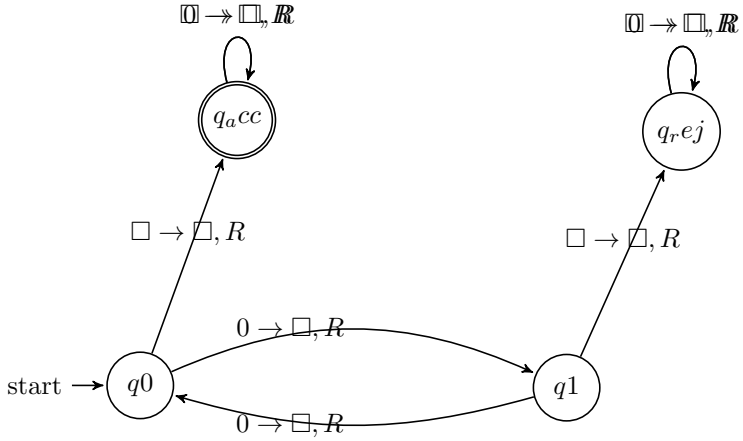
4. Week 2 pg. 6



5. Week 4 pg. 3



6. Week 5 pg. 9
   TODO: overlapping labels for self loops
   TODO: for state names with _, should wrap following in brackets



7. Weird test of self loop positions
